

# Google Classroom

## Update 3 – Friday 16<sup>th</sup> October

Firstly, we would like to say a huge thank you to everyone for their continued support with Google Classroom. We understand that using a new platform can be overwhelming, but we are so impressed with how quickly the children have taken to it. Also, thank you for taking the time at home to log in and explore your child's year group page. [Please remind your child to check Google Classroom regularly for any updates.](#)

### What devices can you use to access Google Classroom?

One of the great things about Google Classroom is that you can access it (to its full potential) from a range of different devices.

- A free app can be downloaded on a phone or tablet
- You can use the internet on your phone or tablet by visiting the website: [classroom.google.com](https://classroom.google.com)
- You can use the internet on a laptop or computer by visiting the website: [classroom.google.com](https://classroom.google.com)

If you are unable to access Google Classroom at home, please let your class teacher know by **Friday 23<sup>rd</sup> October**. This is so we can work with you to provide an alternative provision.

### Help logging on at Home

If you are having trouble logging onto Google Classroom through a device from home, there are several suggestions below to help you:

- You may need to update your phone/tablet's software to enable Google Classroom to work
- If you are trying to log on via the App and your device says 'access denied', try logging onto Google Classroom through the internet instead
- Google can manage lots of different accounts at once, so double check that the letter in the right hand corner is the start of your child's name. If not, this could mean that you are currently logged into a different Google account

### Year R and Year 1 Parents

Please ensure that you have logged into your child's account for the first time by **Wednesday 21<sup>st</sup> October**. This will allow us time to help connect you to Google classroom before we break up for half term. If you are experiencing any difficulties, please contact your child's class teacher and they will be able to assist you further. Thank you for checking your child's Google Classroom regularly.

*Please note: Your child has already been added to their year group, you will just need to activate their first log in.*
