I might have some feelings about moving into Year 1.

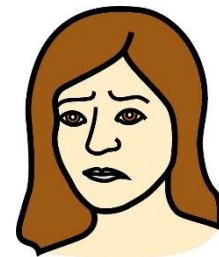

I might be feeling happy / excited / sad / worried / scared.

This is **okay**.

I will not be the only person feeling this way. My friends probably are too.

My new teacher may also be feeling like this.

I might have lots of different feelings about coming back to school.

All these feelings are okay.

It's okay if my feelings are mixed up and I feel different things on different days.

It's important I talk to a grownup at home or at school about how I am feeling.

I can ask questions and people will try and answer them for me.

All the grownups at school will help me to be in Year 1 and in my new class.

I will quickly settle into being in Year 1.

I will make lots of new friends.

I will learn lots of new things.

It will be fun!
